where he has extensive valuable
mining interests.

Friends of Mr. George P.
Jones, many years one Uncle
Sam's efficient customs guards,
at this port, will regret to learn
that he continues seriously ill at
his home on Nob Hill.

On Friday of last week the
home of Mr. and Mrs. W. H.
Eilers, north of the city, was
made happy by the arrival of a
bouncing boy. Mother and
little one doing nicely.

This afternoon a number of
jurors in the Heney-Richardson
case, will leave by automobile to
spend Sunday at their Elgin and
Canille homes. They'll be on
deck again next Monday.

Yesterday J. Wells Smith,
manager of the Havalena Min-
ing Company, spent a few hours
here from the mines near Du-
quesne. He came to purchase
camp and mines supplies.

After enjoying a delightful
visit with her husband's parents,
Colonel and Mrs. A. T. Bird of
the Oasis, Mrs. A. T. Bird, Jr.,
daughter of Hon. George Olney
of Phoenix, has returned to her
home at Glendale, Arizona.

County Recorder Phil Herold
and wife are enjoying their out-
ing on the coast. Next week
Mr. Herold will return home,
but Mrs. Herold will spend an-
other month in Los Angeles with
her mother, Mrs. P. J. McIntyre.

Last evening H. Gordon Glore,
Santa Cruz county's efficient sur-
veyor, returned from a trip in
the country in company with
Chairman Henderson of the
board of supervisors. The trip
was made in the county's
automobile.

The Duval-Cerro de Cobre
case will be heard in Superior
Court this afternoon, a recess in
the famous Heney-Richardson
case having been taken until
next Monday, at which time the
case will be resumed. It may
last a month longer.

Miss Mildred Fowler, the
charming daughter of Post-
master and Mrs. C. L. Fowler,
has returned from the State
Normal at Tempe, to spend the
summer vacation with the folks.
Gladys Glissen and Gladys
Walker, also returned home.

The party last evening at the
beautiful home of Mr. and Mrs.
William Schuckmann, in honor
of their daughter Elsa's four-
teenth birthday, was a most de-
lightful affair. We join the
little lady's host of friends in
wishing her many happy re-
turns of the occasion.

Ice & Water Company will in
the near future commence the
erection of their new power
plant, just north of the big
foundry and machine shops on
Grand avenue. E. B. Jones
will make the brick to be used
in the erection of the new build-
ing.

Editor and Mrs. Price of the
Santa Cruz Patagonian, pleas-
antly spent a couple of days at
the county seat this week.
Editor Price is a thirty-three
degree booster, and is giving
Patagonia and surrounding
country a good paper. Here's
wishing you good luck, Bro.
Price.

The excellent daily news ser-
vice now given Nogales by the
Tucson Citizen, is greatly ap-
preciated by citizens of this place
and surrounding country. Mr.
W. C. Lord, the local representa-
tive, is an experienced, up-to-
the-minute news getter, and a
gentleman. THE BORDER VI-
DETTE wishes Mr. Lord and the
Citizen success.

Charles J. Ruppelius, man-
ager of Richard Brady's big Pima
county ranch, is enjoying a
couple days visit here with Mrs.
Ruppelius and the children, who
are visiting the home of Dr. and
Mrs. H. W. Purdy, the lady's
parents. Before going to Pima
county Mr. Ruppelius and
family resided in Nogales, where
they have a host of friends and
acquaintances.

Dr. C. A. Smith, the well
known successful Alamos den-
tist, who eleven years ago re-
sided here with his family, has
for the past week been a visitor
in the city. Just as soon as a
big lot of supplies ordered from
the east, arrive, the doctor will
return to Alamos, where he is
doing a splendid business. His
old Nogales friends and acquaint-
ances were pleased to see him.

Rodolfo Vasquez, the mining
engineer, who with his family
resided in Nogales many years,
is here from Los Angeles, on
business connected with his ex-
tensive mining interests, here
and in Sonora. Mr. Vasquez is
a brother of Mrs. H. W. Purdy
of this city. He and his family
are pleasantly remembered by
many of our citizen. They now
have a pleasant home in the
City of Angels.

Friends of City Councilman W.
G. Bowman, of this city, are
urging him to announce himself
a candidate for the high and
important office of sheriff of
Santa Cruz county. Wirt is a
sure enough "go-getter," and if
he decides to make the race,
he'll make his opponents mighty
"hard to catch." Yesterday
Mr. Bowman returned from Cal-
ifornia where he disposed of a
trainload of cattle.

Tuesday Dr. J. McConnell, ac-
companied by Dr. Powell, U. S.
A., and Drs. F. T. Beckert and
J. H. Hoghland, motored to
Fort Huachuca, where Drs.
McConnell and Beckert success-
fully passed muster for active
service in the United States
army, in case our Uncle Sam
needs their service. Lieuten-
ants McConnell and Beckert and
Dr. Hoghland greatly enjoyed
their first visit to the fort.

Olive and Ethel Doherty, ac-
complished daughters of Dr. and
Mrs. A. A. Doherty, pioneer
citizens of this place, who have
been teaching school in Califor-
nia, returned from the Golden
State last Monday, to spend the
summer vacation at home with
their parents and friends. The
ladies are native daughters of
this city. They have a host of
friends in this section, all of
whom will be pleased to wel-
come them home.

Last Wednesday afternoon at
the Methodist parsonage, Rev.
B. M. Mobley, officiating, Mr.
George B. Clarke, vice president
and manager of the Mira Monte
Sanitarium, this city, and Emily
Weber Hermann, a charming
highly accomplished lady, who
came here several months ago
from Vancouver, Canada, were
quietly united in the holy bonds
of matrimony. Only a few in-
timate friends of the high con-
tracting parties were present.
We wish Mr. and Mrs. Clarke
much happiness.

Tuesday Dr. V. A. Smelker
was called to Duquesne to at-
tend the wife of one of the work-
men employed by the Duquesne
Mining & Reduction Company,
of which Mr. C. A. Bankerd,
has for a long time been general
superintendent. The company
are now employing forty men
and regular shipments of ore
are being made via Patagonia.
However, just as soon as the big
new 5-ton auto truck, ordered
by Mr. Bankerd, arrives, ship-
ments will be made from Sorri-
lo station on the Nogales-Cana-
nea branch of the Southern
Pacific of Mexico. Ore from
the property of the Havalena
Mining Company, which is now
being worked under the person-
al supervision of Manager J.
Wells Smith, will also be hauled
to the station on the Nogales-
Cananea branch. Manager
Smith has a force of men at
work and says he is going to
prove up the property. Just at
this time there is considerable
activity over Duquesne way, and
Dr. Smelker contemplates mak-
ing regular professional visits
over there.

William E. Bowers, of Rancho
de los Coches, over in the East-
ern part of the country, a mem-
ber of the Heney-Richardson
jury, who will be a candidate
this fall for supervisor, on the
Republican ticket, of course, will
this afternoon go home to spend
Sunday, returning Sunday night
or early Monday.

Hon. I. Bonillas, of Nogales,
minister of communications and
public works in the Carranza
cabinet, arrived in the city yes-
terday from the north, and this
morning left for Hermosillo
where it is said he will mediate
the difficulties existing between
the civil and military authorities
in Sonora. Mr. Bonillas is one
of the biggest men in the Car-
ranza cabinet. He has the con-
fidence of all the constitution-
alist factions, and it is believed
he more than any other man,
can bring about a solution of
the Sonora muddle.

Tuesday William Schuckmann,
George Januel and Manuel
Escalada, directors of the
European-Arizona Mining Com-
pany, accompanied by Mine
Expert Tom Fraser, motored
out to the Buena Vista mines of
the company, adjoining the
Three R. mines in the Pata-
gonia mountains. The work of
developing the Buena Vista is
progressing in a very satisfac-
tory manner, and big results are
looked for in the very near fu-
ture. The company is composed
of local people, and the success-
ful development of the mine
means much for Nogales and
the rest of the county.

Monday evening the common
council, by unanimous vote,
passed the ordinance granting
Monte M. Mansfield of Tucson,
and Spiro S. Proto of Nogales,
a twenty-five year franchise to
operate and maintain a plant for
the manufacture of electric cur-
rent and to distribute the same.
Mr. Proto says the work of com-
plying with all the requirements
of the new franchise will be
completed with long before the
specified time, the work of in-
stalling the new system being
commenced at the earliest possi-
ble date. Mr. Mansfield is now
in the east on business connect-
ed with the franchise. Don An-
ton Proto and other wealthy
capitalists, will finance the pro-
position.

The big new three and one half
ton auto truck recently received
by the Verde Mining Company,
of which P. J. McIntyre is pre-
sident, and C. C. King, secretary,
is now making three trips daily
to and from the Gladstone mine
situated on the west slope of
the Patagonia mountains, a
short distance from Nogales.
The newly acquired property of
the company, according to
Manager McIntyre, is looking
fine, with prospects of making
a big dividend-paying mine,
good. From now on regular
carload shipments of Gladstone
ore will be made from this point,
and Manager McIntyre hopes
before very long to install other
moto trucks on the road between
Nogales and the mine.

Mr. Tom Smith of Phoenix,
president of the mining com-
pany owning the great Four-
Metals mines near Nogales, and
a number of associates this week
visited the property, being chap-
eroned by Supt. Fred Miller.
It is understood that the finan-
cial troubles of the company
have been straightened out, and
work on a big scale will at once
be resumed in Red Hill, a large
force of men being employed
under Supt. Miller. It is said
that between forty and fifty
thousand dollars will be expend-
ing in development work alone.
A big concentrator is also pro-
mised. Mr. Smith and his asso-
ciates have great confidence in
their four-metals mine, and are
backing it up with hard cash.

Big Carnival Coming.

The Miller & Lachman car-
nival booked to play one week in
Nogales, commencing next
Tuesday, is said to be one
of the best aggregations of its
kind on the road.

The company which travels
in a special train and has two
hundred people, is now playing
a two-weeks' engagement in Tuc-
son instead of one.

The Tucson Star says Teddy,
the horse with human brains,
does everything but talk. He
breaks through his barn and re-
scues the baby from its cradle,
then jumps out through the win-
dow. A wonderful act.

The trip to the moon and
many other attractions never
seen in Nogales are coming next
week. adv.

CARD OF THANKS.

To our relatives, friends and
the public in general who have
certainly shown themselves to
be friends in their respect for
the memory of our departed wife
and mother, we desire most par-
ticularly to thank you one and

marks of respect shown to our
departed relative from the time
when we arrived at the station

at the cemetery,—one and all we
thank you sincerely and we
know that our dear Dolores Es-
calante de Mix with her modest
way of being a friend to all, her
great charities to the poor and
enmity towards none, certainly
would, with us, thank you all,
were she able to do so.

Yesterday while doing some
repair work on a well at the
Atkinson-Deegan ranch at Cala-
basas, Joe Deegan took a header
into the well and as a result is
now at the Sisters' Hospital, suf-
fering with a broken shoulder
and other bruises. The patient
is doing nicely, according to his
brother John, who brought Joe
to the city last evening.
